

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 1999-432-C - ORDER NO. 2002-92
FEBRUARY 7, 2002

IN RE: Application of TeleConex, Inc. for a)	ORDER	
Certificate of Public Convenience and)	AMENDING	
Necessity to Provide Local)	CERTIFICATE TO	
Telecommunications Services within the State)	PROVIDE UNE-P	
of South Carolina.)		

This matter comes before the Public Service Commission of South Carolina (the “Commission”) by way of a letter filed by TeleConex, Inc. (“TeleConex” or the “Company”) requesting clarification of its Certificate of Public Convenience and Necessity to determine whether TeleConex can also be a reseller providing unbundled network elements platform (UNE-P) in South Carolina under its Certificate. TeleConex was granted authority to provide competitive local exchange services by the Commission on February 11, 2000 in Docket No. 1999-432-C in Order No. 2000-0151.

TeleConex now intends to resell the UNE-P services of the incumbent local exchange carrier. TeleConex now requests clarification as to whether Order No. 2000-0151 granted it UNE-P resale authority.

Upon consideration of this matter, the Commission finds and concludes that the Certificate of Public Convenience and Necessity granted to TeleConex did not originally grant such authority, but that said Certificate should now be amended to reflect that the

Company now has authority to use the unbundled network elements platform (UNE-P) to provide local exchange services in South Carolina.

The Commission's records will hereby reflect the amendment of the Company's authority in South Carolina. This Order shall remain in full force and effect until further Order of the Commission.

IT IS SO ORDERED.

BY ORDER OF THE COMMISSION:

Chairman

ATTEST:

Executive Director
